How Does Learning Happen?

"When adults become involved in children's play, they sequence activities in a way that is clearer and reinforces learning or use language that helps to clarify challenges and solutions. Responsive adults know when to enter child's play to stimulate children's thinking but now take command over the play."
(ELECT, 2014)

Song of the Month

"Spring Song"

The sun is shining bright,
The sun is shining bright.
OH, how I love the warmth.
The sun is shining bright.

The rain is falling down,
The rain is falling down.
Oh, how I love the sound.
The rain is falling down.

The flowers start to bloom,
The flowers start to bloom.
Oh, how I love the sight.
The flowers start to bloom!
