How Does Learning Happen?

Every child has a sense of belonging when he or she is connected to others and contributes to their world.

Every child is developing a sense of self, health and well-being. Every child is an active and engaged learner who explores the world with body, mind and senses.

Pg 12 How Does Learning Happen?

Ideas For You To Do At Home

Encourage your child to dress themselves on their own, giving them a choice between two to three items at one time. This allows your child to gain self-esteem in making their own decisions, fosters independence and allows for growth. At the same time, language both expressive and receptive is encouraged and developed. Praise for all efforts and make it fun and exciting! Decision making can be difficult as it is so let's be positive and encouraging.

Have fun!
