

Preschool 2 Calendar September 2021

Classroom news

We are very excited to welcome new children into the program. We are brainstorming ideas and ways we can connect with families and looking forward to sharing these with you. Stay tuned and continue to stay safe!

Special Days

Sept 6 – Labour Day Terry Tan closed
Sept 22 – First Day of Fall
Sept 23 – Parent Appreciation Affair
7:45-9:30 a.m.

Building Relationships

Preschool 2 educators are working on making connections with the children and families/caregivers in the program. We will also be working on five developmental skills that will support the children with lifelong skills. These developmental skills are Social, Emotional, Cognition, Language/Literacy and Physical.

How Does Learning Happen

Belonging: According to How Does Learning Happen “belonging” refers to a sense of connection to others, a personal experience of being and feeling valued, building relationships with others and contributing as a part of a group, a community and the natural world” (How Does learning – pg.7).

Did you know?

Physical activities are important for the growth and development of children because it contributes to:

- healthy weight
- strong bones and muscles
- balance and flexibility
- posture
- relaxation
- self-esteem

If possible, take some time each day to go for walk, or a bike/scooter ride, dance to music and stay active.

Ideas for Home

With Fall just around the corner, go for a nature walk, talk about the seasons and the changing colours of Fall. Here is a list of things you can look out for:

1. Collect acorns
2. Pick leaves, sort by colours
3. Trace leaves collected
4. Stomp on crunchy leaves
5. Take pictures to share with the classroom

Reminder

With the weather changing and Fall arriving soon, please remember to dress your child accordingly to spend time outdoors.
