

NOVEMBER

School Age

November Calendar 2021

The cooler weather will soon be becoming so please dress appropriately.

The children are doing well, following all protocols and attempting to social distance with reminders.

This month we will be looking at all fall signs including changing of leaves, looking at gourds, and changes of weather. We will also be discussing apple orchards and pumpkin patches.

Dates to Remember

November 8: International tongue twister day

November 11: Remembrance Day

November 19: P. A. Day

November 28: French toast Day

One activity we did was asking the children "What they would like to do when they grow up"? These are their responses: a police officer, a scientist, buy ice cream, a teacher, play football, a mechanic like my dad, a

gymnastic teacher, an astronaut, a lawyer, a dress designer, a singer, and a pilot.

Creative

For creative we will be doing feather weaving and pinecone people. We will be using our own creative expressions.

After School Homework Buddies:

Children are welcome to bring in homework and ask for support during their indoor time. We have also paired up children to do homework buddies if they want to.

Skills we will be working on:

Problem Solving: To solve a problem you need to think. Remembering that calming down first will help you think more clearly.

Team Work: For gross motor we will be playing team games such as relay races, basketball keeping in mind social distancing protocols.

Children have developed a school age rule poster in which they decided which rules are important to follow in the room. For example, being kind to everyone, showing respect to peers and educators and helping each other when needed.

Here's to a wonderful month!
