

School Age December Calendar 2021

Wow, the year is almost over and it has gone very quickly. December promises to be a wonderful month. We are continuing to make our own “code breakers” and make some holiday creations. We will talk about our different cultures and about how all of us are unique in our own way. If you could all write down the countries you were born and what language you speak. We plan to make a “Around the world” bulletin board with all the countries on it that our families are from. Maybe you could share pictures of your culture making sure they are in a zip-lock bag for protection.
