## ***How Does Learning Happen?***

*Ontario's Pedagogy for the Early Years* is a professional learning resource guide about learning through relationships for those working with young children and families. It is intended to support pedagogy and curriculum/program development in early years programs.

### **The Four Foundations of *How Does Learning Happen?***

*How Does Learning Happen?* is organized around four foundational conditions that are important for children to grow and flourish: **Belonging, Well-Being, Engagement, and Expression.** These foundations, or *ways of being*, are a vision for all children's future potential and a view of what they should experience each and every day. These foundations apply regardless of age, ability, culture, language, geography, or setting. They are aligned with the Full Day Kindergarten program also under the Ministry of Education.
