

# June

## Toddler Room 1

### Special Dates:

**June 2 – Parent –Child Science Event  
Growing Flowers**

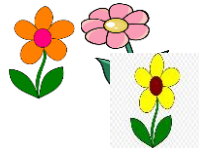

Our Families are invited to participate in the Family Event from 4:30 to 5:30 on our playground.

### Sing a song of flowers

Sing a song of flowers  
Flowers all around.

Flowers that are growing,  
Growing in the ground.

Flowers of every colour,  
They look so pretty too!

**Red** and **Pink**,  
**Orange** and **Yellow**,  
**Blue** and **Purple** too!

Red. Pink. Orange. Yellow.  
Blue and Purple too!

### Skills We will be Working on:

- Repeating simple words in forming sentences
- Practice breathing exercises
- Practice throwing a big and small ball
- Using a napkin to wipe a mouth during meal time
- Wiping a nose with Kleenex
- pencils, crayons or chalk (fine motor skills),
- Properly washing hands
- Observing changes in nature using all senses

### Did you know..... How Does Learning Happen?

**ART is a process, not a product**

Participating in art activities, Toddlers explore and experiment different materials. These artistic self-directed exploration help Toddlers practice variety of skills, such as grasping pencils, crayons or chalk (fine motor skills), critical thinking by making picture what they intend to create.
